What you receive, and what you do not

YOU RECEIVE

- Evidence matrix mapped to your customer's requirements
- Document register
- Prioritized action list with owner roles and suggested dates
- One-page management brief
- A review call

FOUR EVIDENCE STATUSES

- Evidence provided: responsive evidence was supplied and identified. It does not mean compliant, approved or verified in the field.
- Missing: evidence the scoped comparison needs was not supplied.
- Needs clarification: evidence or its applicability is unclear, inconsistent or out of date.
- Field verification required: documents cannot show a practice is in place on site.

WE DO NOT PROVIDE

- On-site hazard verification
- Certification of any kind
- Engineering or clinical determinations
- Insurer coverage opinions
- Legal advice
- Guarantees of customer or platform approval, platform scores, or successful bids
- Invented or backdated evidence
- Unlimited policy writing

HOW IT WORKS

Request an estimate; a person scopes it and sends a private quote; if you proceed, confidentiality terms and an engagement letter; confidential evidence only after authorization, an agreement and a secure submission process; human review before release. No prices are published.
